

US Bioservices now dispenses MAVYRET™

MAVYRET™ (glecaprevir and pibrentasvir) is a prescription medication by AbbVie indicated for the treatment of patients with chronic HCV genotype 1-6 infection without cirrhosis and with compensated cirrhosis. It is also indicated for adult patients with HCV genotype 1 infection, who previously have been treated with a regimen containing an HCV NS5A inhibitor or an NS3/4A protease inhibitor, but not both.

To learn about MAVYRET™ visit mavyret.com

Options for sending a prescription to US Bioservices

1 Portal

Send online prescription orders through the MyPathpoint prescriber portal. To login or register, visit mypathpoint.com.

2 E-Prescribe

Search for US Bioservices under 'Retail Pharmacy,' select 'Texas' as the state, and send the prescription. Include the ICD-10 code and patient insurance information in the pharmacy notes section or fax it to (888) 418-7246.

3 Fax

Fax patient prescriptions and associated insurance cards, recent clinical notes, and labs to (888) 418-7246.

4 Phone

Contact one of our pharmacists at (866) 223-7914 to give a verbal prescription order.
